When using a privately owned laptop at Nanango State High School, or connecting it to the school network, we agree that:

- The device must at all times be connected to the BYOx Gateway when on school premises and in use. When connected to the BYOx Gateway, all activities will be logged. School ICT guidelines are to be followed in accordance with the completed and signed school ICT Agreement (signed on enrolment).
- The device will only be used for educational purposes when connected to and using school services
- Nanango State High School will only provide technical support to enable connectivity to the school network via the BYOx Gateway, for access to student files required for class, internet and printing services.
- It is the responsibility of the student to ensure that the private laptop is secured when not in use. Nanango State High School takes no responsibility for theft, loss, vandalism, damage or unauthorised access to private laptops.
- BYOx devices must not be charged using school power outlets or by plugging into school owned computers. All private laptops must be brought to school fully charged.
- BYOx devices must contain a virus scanner with up to date data virus definitions.
- It is the responsibility of the student to back up data on the private laptop e.g. to external hard drive or USB.
- Any software purchased under Education Queensland agreements must be removed from the private laptop as per the conditions of the agreement. This includes if the student leaves Nanango State High School. Any privately owned software installed on the laptop must be age appropriate, follow **copyright legislation** and not cause offense.
- Nanango State High School and the Education Department reserves the right to restrict access and use of any private laptop used on the school grounds, whether it is connected to the school network or not. Access to the school network and permission to use the private laptop on school grounds will be withdrawn as a consequence of any inappropriate use and/or security breach. Cloud based services such as iCloud or Dropbox must not be used at school to store, send or access information at school.
